CONFIRMATION

We hereby confirm that

Dipl.-Ing. Georg Raschka Ingenieur-Büro GmbH&Co.KG
Mönchhofstr. 32a, 69120 Heidelberg, Germany

furnished us with the services and deliveries of engineering of a fluidized bed incineration plant (plant #1), supply and erection of the fluidized bed incinerator and the waste heat steam boiler, throughput 4.2 t/h of sewage sludge (50% DS) and 1 t/h residues

The plant was put into operation in 1981, and it has been running very well since then.
